

What Can I Do To STOP Abortion?

- 1 Place a pro-life bumper sticker on your car.
- 2 Put pro-life envelope stickers on all outgoing mail, both on the part of the bill that is returned and on the outside envelope.
- 3 Purchase and use pro-life checks.
- 4 Include a pro-life piece of literature in all outgoing mail.
- 5 Pass out literature to anyone who will take one. Leave them in waiting rooms, restrooms, lobbies, airports, laundromats, etc.
- 6 Wear a "Precious Feet" pin.
- 7 Pray for everyone involved in the abortion industry. Pray for the women who have aborted and may be suffering from Post Abortion Syndrome (PAS). Pray for those women and their pre-born babies who may be contemplating abortion. Pray for our nation's heart to once again respect life and return legal protection to the pre-born. Pray for our governmental leaders, both pro-life and pro-abortion. Pray for the pro-life activists.
- 8 Write letters to your congressmen when legislation concerning abortion comes up for discussion or voting. A brief note telling which way you want him/her to vote can be easily written in a sentence or two.

- 21 Educate yourself. Subscribe to pro-life newsletters. Surf the internet for information.
- 22 Teach your children to respect life at every stage of life. Teach them fetal development and abortion risks. Keep an open line of communication with your teens to prevent the circumstances that often result in abortion.
- 23 Attend meetings of your local pro-life organization to learn how you can help. It may be as simple as addressing and stuffing envelopes, or you may be able to share with them your ideas.
- 24 Wear pro-life t-shirts and sweatshirts or sport a pro-life button on your shirt or jacket.
- 25 Youth leaders can teach the beauty of life in the womb.
